VIVANCO

My Feedo Cam 4L smart pet feeder with Wi-Fi, microphone and camera

SKU: TEPETWIFOODCM

Discover the simple, smart solution for everyday pet care

CARE FOR YOUR PETS EVEN WHEN YOU'RE AWAY

The **My Feedo Cam automatic dry food dispenser** from the Hi-Feedo range features a **3 MP Full HD camera** and **real-time two-way audio**, allowing you to see, hear and talk to your dogs and cats directly through the Hi-Feedo app. This means you can interact with your pet even when you are away from home. Motion detection sends notifications to your smartphone when your pet moves, while **night vision up to 5–8 metres** lets you monitor them even in low-light conditions.

KEEP YOUR FAVOURITE MOMENTS

The **Voice Recorder** function lets you record voice messages to be played at mealtimes, while the **microSD card slot** allows you to save photos and videos recorded by the camera, helping you keep special moments with your four-legged friend. My Feedo Cam measures **193 x 314 x 330 mm** and supports a Wi-Fi range of approximately **10–20 metres without obstacles**, giving you greater freedom when positioning it around your home.

A SMART SOLUTION FOR EVERYDAY PET CARE

With the **Hi-Feedo app**, you can customise feeding times, set portions and manage food dispensing remotely. Simply pair the feeder with the app to access all its smart functions, including meal scheduling and motion notifications. The app lets you create feeding plans with a set number of portions dispensed at a specific time. You can also keep track of meals and portions dispensed, giving you greater control over your pet's feeding routine. Automatic dispensing can be disabled at any time in favour of manual dispensing: ideal when you need more flexibility, allowing you to dispense dry food at a different time and adjust the number of portions as needed. By using My Feedo Cam together with the Acquabuddy smart water fountain, you can create more complete routines, scheduling water and dry food to be dispensed at the same time or one immediately after the other.

The **4-litre capacity** lets you schedule from **1 to 8 portions** of dry food measuring between **2 and 10 mm**. The Hi-Feedo app is compatible with **iOS 12 or later and Android 7 or later**.

FUNCTIONAL DESIGN

The lid with secure **Twist-Lock system** helps protect the food from particularly curious pets while keeping portions under control. The non-slip rubber feet provide greater stability during feeding.

BACKUP POWER SUPPLY

This smart feeder can be powered from the mains using the cable and wall charger included in the package, or with **3 D-size batteries**, not included. If the power supply is interrupted, the feeder automatically switches to battery power to help ensure continuous operation.

WHAT SETS IT APART

- 3 MP Full HD camera
- Real-time two-way audio
- Motion detection with notifications
- Meal scheduling via app
- Night vision up to 8 metres
- 4-litre food capacity
- Voice message recording
- Photo and video storage
- Non-slip design
- Lid with secure Twist-Lock system
- Cable or battery power supply
- microSD card slot up to 256 GB
- Suitable for 2–10 mm dry food

WHAT'S IN THE BOX

- 1 My Feedo Cam smart feeder
- 1 bowl
- 1 wall charger
- 1 cable
- 1 user manual
